**DETAILED ACTION**

Acknowledgment is made of the amendment filed on 10/11/05. Claims 1-39 are currently pending.

*Allowable Subject Matter*

1. Claims 1-39 are allowed.
  
2. The following is an examiner's statement of reasons for allowance: although the Pierenkemper (US 6,641,042) invention teaches a combined sensing device, the prior art of record fails to teach or fairly suggest either alone or in combination thereof a sensing device including a processor for generating indicating data indicative of a position of the sensed coded data on the interface surface and the identify of the product item. Furthermore, the examiner could find no proper motivation to combine the Pierenkemper invention with any teaching to arrive at the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
